	<b>WIDTH (in inches)</b>													

Pricing shown in this chart is for estimation purposes. It is reflective of pricing for 5+ units (costs will increase if a smaller number of units are ordered). It does not allow for any shapes, special glass, or any considerations outside of Adams standard profiles and specifications. An estimate from Adams Architectural Millwork is required to proceed with fabrication of units.

Pricing is based upon United Inches (width + height). Units over 100 UI may incur additional costs.
