

A "Legendary" Custom Entry Door

Making a "Big" Impact with This Custom
Entry Door from Adams Architectural Millwork

Spring has arrived, which means it's the perfect time to enhance your home's

curb appeal with a brand-new entry door from Adams Architectural Millwork! Whether you're looking for a sleek modern design for your newly constructed home or it's time to renovate your old, worn-out door, we can create the perfect entryway to welcome guests for the season ahead.

Sasquatch Spotted on Local Custom Entry Door

Recently, we received the opportunity to fabricate a custom entry door unit featuring a depiction of one of the most legendary figures in the history of folklore: Bigfoot! The quarter-sawn White Oak door is 2-1/2" thick and features a beautiful herringbone pattern on the main door. This project provided the unique

opportunity to put our creativity to the test while fabricating an entry door, side lite, and transom for this newly constructed local shouse. Needless to say, it was quite the *tall* order.

Fabrication Process

When we begin the process of fabricating any project, creating approval drawings is our starting point. These drawings show the exact dimensions and details of the entire job as it will be made in our shop. The approval drawing provides the customer with an idea of what to expect while giving the shop a guide to making a concept come to life!

Finished Product

Below are some images of this custom entry door following its installation:

Your Next Step...Request a Quote

There are three different ways you can request an estimate for a new or replacement storm window:

1. Use our custom quote form: [Storm Window Custom Quote Form](#)
2. Complete the [Storm Window Measurement Form](#) and email it to us
3. Send an email with measurement information (width x height) and the type(s) of storm window you would like quoted to info@adamsarch.com

Our capabilities include manufacturing custom millwork for homes and buildings across the United States. We can fabricate products that most large window and door companies will refuse.

Please give us a call at 1.888.285.8120 or visit our website at www.adamsarch.com and get your transformation started today.
